Coaching on Demand

Are you crazy busy today? We can help.

Do you need help with an issue, a career decision, or an employee who just doesn't "get it"?

Do you want to hire a trainer without long-term contracts and someone who will work with you on demand? Are you looking for a reasonable alternative to avoid paying out large sums of money for training when you only need help in the short-term?

Coaching on demand will be your answer. We offer this service on a pay-as-you-go basis. Here's how it works:

- You call for an appointment.
- We will ask a few questions about the help you're looking for.
- We'll quote you the per-hour price for the service.

Pay-as-you-go Coaching

Then we'll get you on our schedule when you're ready to get started!

Sound easy enough?

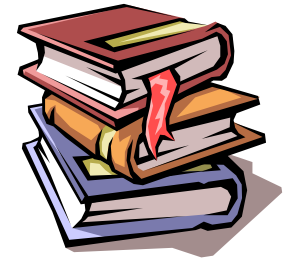

The Deliverables

We will give you expert advice on how to manage your issues regardless of what type they are. We go beyond the traditional delivery by offering a 3 fold approach to the solution.

1. The session will provide, open, honest, and confidential solutions to your needs from a professional.
2. We'll interact on the issue with you via e-mail as a follow-up if you like.
3. We'll provide additional resources in the form of articles, step-by-step instructions, and other methods to help solve your problem.

Interactive help is available.
